CLIENT BRIEF

Roger had a coolstore packshed requirement to enable his business to meet its planned growth. Timing & Budget needed to be right for the project to proceed.

AUSPAN'S SOLUTIONS

AUSPAN worked with Roger over a number of years looking at different scenarios, different locations on the farm, in town, different designs and layouts. The end result is a very practical facility that ticks all the boxes.

Challenges

Project challenges included considerable fire engineering to meet compliance and a wet site.

Features

- ▶ Roof space design to suit refrigeration units and loading
- ▶ Cantilever canopies over loading docks
- ▶ Auto levelling loading dock system
- ▶ Custom storm water system

IN OUR CUSTOMER'S

OWN WORDS...

"They really took the project on as a whole project... they were able to take care of a lot of our design work, all of the drawing work was all done for us.

"The project ran very smoothly for us, everything was on time and it was a very quick turnaround."

Roger Fahl, Fruitico
