**CASE STUDY #557 - Yalambi Farm Stud
Indoor Riding Arena**

CASE STUDY #557

Yalambi Farm Stud's Indoor Riding Arena 72.9m(l) x 33.75m(w) x 6m(h)

AUSPAN SCOPE OUTLINE

Value Bracket | \$775 - 800K

Manufacture | 7 weeks

Site Time | 24 Days

CLIENT BRIEF

Rory at Yalambi Farm wanted to design and build an amazing indoor to become a central hub of the farm. It was to be European inspired, state of the art show piece for Western Australia and capable of being utilized as a multipurpose event facility.

AUSPAN'S SOLUTIONS

AUSPAN'S Project solution developed over 5 years of design work, options, suggestions, adjustments and engineering to produce the amazing multipurpose facility that is now the hub of Yalambi farm.

Challenges

Getting a very particular design installed to the finest detail on site was a very rewarding challenge for the entire project team.

Features

- ▶ Indoor arena with top class Jarrah kickboard system (incorporating surface retaining)
- ▶ Raised Viewing Deck
- ▶ Jumping Equipment store and stallion collection area
- ▶ Louver & cladding design to allow natural ventilation & lighting
- ▶ Integrated lighting & audio system to entire facility

IN OUR CUSTOMER'S

OWN WORDS...

We were really impressed with AUSPAN it all happened very quickly and very easily... they made everything happen it was a dream ride and done very quickly in the middle of winter.

It was just such an easy experience dealing with Steve and Selwyn. It's a young team and anything's possible. It was all very simple.

I actually wouldn't recommend anyone else I think if you are going to build an indoor horse arena i think AUSPAN are your only call.

Rory Hovell, Stud Manager

IN AUSPAN'S

OWN WORDS...

Having the opportunity to assist Yalambi Farm realize their dream indoor facility has been an amazing process. The completed facility is nothing short of iconic for Western Australia & Yalambi Farm & a rewarding “feather in the cap” for the AUSPAN team. Thank you to all involved.
