**CASE STUDY #204 - New Rotary
Dairy Shed in Yarloop**

CASE STUDY #204

“New Rotary Dairy Shed in Yarloop”

Construction Outline

Value Bracket | \$100-250K

Manufacture | 7 Weeks

Site Time | 10 Days

New 30x23 metre 50 stand Rotary Dairy Shed in Yarloop

CLIENT BRIEF

Being a once in a lifetime project, the Angi family wanted a top quality building for their new state of the art dairy.

AUSPANS SOLUTIONS

AUSPAN worked with Tony and his local farm supplies agent Ray to design and deliver a first class structure to accommodate the various equipment and rooms required for their new 50 stand rotary dairy facility.

Challenges

There were no particular challenges other than making sure the building had adequate clearances and access for the operation of the dairy.

Features

- ▶ Gable and side infill for increased weather protection.
- ▶ Compressor/pump area for protecting the equipment outside the main shed area.
- ▶ Custom cladding height to suit internal cool room/offices.

CASE STUDY #204

“New Rotary Dairy Shed in Yarloop”

“

IN OUR CUSTOMER’S

OWN WORDS...

Ten out of ten - Excellent Job! We are very pleased and proud of our new Auspan dairy shed - Very happy!!!

Tony Angi, Dairy Owner

”

IN AUSPANS

OWN WORDS...

Very good project to manage, the client is obviously a progressive dairy farmer. A major investment.

Selwyn Imberti - Project Manager

Enjoyed working with Tony and Ray and proud to have a key part in building their impressive new dairy facility.

Mike Richardson - Salesperson
