Equestrian Arena**

CASE STUDY #488

Denmark Ag College Equestrian Arena

AUSPAN Scope Outline

Value Bracket | \$160-180K

Manufacture | 5 weeks

Site Time | 9 Days

21m(w) x 40m(l) x 5.75m(h) Equestrian Arena for the Denmark Ag College

CLIENT BRIEF

The Denmark Agricultural College required a new Equestrian arena to assist with the development of the students studying Equine and an area that could also be used for public dressage functions.

AUSPAN'S SOLUTIONS

Auspan were able to work closely with Denmark Ag. College from concept through to construction which assisted the college in streamlining the entire process from tender through to completion.

Challenges

The arena had to be constructed through the winter months which proved to be a challenge constructing the pad and foundations. Auspan's detailed planning and scheduling yet again overcame this winter build.

Features

- ▶ Large 8m Bays reducing the number of columns impacting on arena space
- ▶ Custom tapered gutter system minimising downpipes
- ▶ Large fodder storage lean-to adjacent to riding arena
- ▶ Large door openings for easy access to arena

Denmark Ag College Equestrian Arena

“

IN OUR CUSTOMER'S

OWN WORDS...

We were really pleased with the service we got from Auspan, the communication was good, the time frames they adhered to... very happy with the shed, its fantastic and we have had a number of comments about how impressive it is.

Kevin Osbourne, Principal

IN AUSPAN'S

OWN WORDS...

Great to be involved in yet another prestigious equestrian facility! Was enjoyable being part of a project that gives the students at the school a facility they can be very proud of.

Ben Richardson - Project Manager
